Brothers are amused by other brothers raps  
And that's why I bought a round with a gun and a vest  
Cause philly niggas will take your life after they take  
your money  
And laugh like the whole shit's funny  
I know a little nigga who was running with his homeys  
He thought he had â€¦ but all of them was phoney  
He was the connect and make â€¦  
He bought the product in while they was putting in work  
See he planned out the missions but they didn't listen  
All they had to do is just play they positions  
He never saw the writing on the wall like graffiti  
He feeding the needy, but his work still greedy  
Younging â€¦ back on top  
For every brickâ€¦ put a stack on top  
Them niggas used to blow 10 stacks on the week  
7 days passedâ€¦make back in the weekâ€¦  
He was still blind, just hanging with the fellows  
So one day they put him over the new chickâ€¦  
She located the safe, and welcome with theâ€¦ ehm?
