You showed me love  
And I wasn't quite sure just what to do with it  
You saw my pain and you took me in with open arms  
I'm not sure just what you saw  
Maybe the better parts of me  
All I know is that what I have  
Is all I'll ever need

You know I'm livin' a life worth livin'  
It's bright enough to see  
That all I want, yeah, all I want is you

Took your time  
And you didn't give a damn just what they thought of it  
You eased my mind  
And I never been sure how to do that myself  
I don't know where you came from  
Did you fall right out the sky?  
All I know is what you fell upon  
It finally feels alive

You know I'm livin' a life worth livin'  
It's bright enough to see  
That all I want, yeah, all I want is you  
And even if the world was in my hands  
Well, I'd just want you to know  
That all I want, yeah, all I want is you, is you, is you

There was only so much I could take  
You opened up and made me change  
Yeah, you always held me through  
And I'll do the same for you  
I'll do the same for you

You know I'm livin' a life worth livin'  
It's bright enough to see  
That all I want, yeah, all I want is you  
And even if the world was in my hands  
Well, I'd just want you to know  
That all I want, yeah, all I want is you, is you  
Yeah, all I want, all I want is you
