I see you your eyes you know they never change
Or the way they look at me
I see their looking for a better way
Longing to be free

Cause you know
We've been here before
And you know we'll do it again

What are we doin
Look at our Love in ruins
Lets not get misunderstood
Cause this is good
And your picking all your pieces off the ground

This time this one blew up in my face
Don't forget forgive me please
You want everything to fall in place
But surrender is the key

Cause you know
We've been here before
And you know we'll do it again

What are we doin
Look at our Love in ruins
Lets not get misunderstood
Cause this is good
And your picking all your pieces off the ground

And your picking all your pieces off the ground

Love in ruins
Love in ruins
Love in ruins

Cause you know
We've been here before
And you know we'll do it again

What are we doin
Look at our Love in ruins

Lets not get misunderstood
Cause this is good
And your picking all your pieces off the ground

And your picking all your pieces off the ground

Ya, your picking all your pieces off the ground

Your pieces off the ground,
Ya we're picking all your pieces off the ground
