Amerie  
Fat Joe  
Is the music

Under all the lights  
In the darkest nights  
Feel it through my soul  
Under all the lights  
Feel like letting go

Since my early phase searching for my way  
I was so alone  
I am ready to run away  
I was on my own

In this life I need to know  
That I can fly away  
No matter what you might say  
i need to know  
That i can fly away  
In this life I need to know  
That I can fly away  
No matter what you might say  
i need to know  
That i can fly away

In this life I need to know  
That I can fly away  
No matter what you might say  
i need to know  
That i can fly away

Walls are closing in  
Feel it happening but I feel no fear  
Sounds come down crushing in  
But I am standing here

Hope up on a six  
We wake up in Saint Tropez  
Talking about nobody case  
this is my life style  
What are you tripping for

Is what we are living for  
In this life I need to know  
That I can fly away  
No matter what you might say  
i need to know  
That i can fly away

In this life I need to know  
That I can fly away  
No matter what you might say  
i need to know  
That i can fly away

In this life I need to know  
That I can fly away  
No matter what you might say  
i need to know  
That i can fly away

In this life I need to know  
That I can fly away  
No matter what you might say  
i need to know  
That i can fly away

In this life I need to know  
That I can fly away  
No matter what you might say  
i need to know  
That i can fly away

In this life I need to know  
That I can fly away  
No matter what you might say  
i need to know  
That i can fly away
