Watch the way i catapult, mister international
Crack the code, how i come in through this thing so
magical
Actually i boss it up and step in casual
Tragically i destroy the competition
Annually, then i come and then i give it to you till your
hand is full
Till the cup when is over and we make the planet go
To another galaxy, party like weâ€™re never there
So iâ€™m living nother day i wanna fly in the waves
In the middle of nowhere

I could fly, loose myself away, some day
iâ€™m in the middle of nowhere
iâ€™m in the middle of nowhere
iâ€™ll fly, i spread my wings and travel miles away
iâ€™ll fly, across the sky iâ€™ll find my getaway
Thatâ€™s what she said, hey, yeah, yeah, yeah
Thatâ€™s what she said, hey, yeah, yeah, yeah
Thatâ€™s what she said

Born today, nobody around, no song
iâ€™m in the middle of nowhere,
iâ€™m in the middle of nowhere
iâ€™ll fly, i spread my wings and travel miles away
iâ€™ll fly, across the sky iâ€™ll find my getaway
Thatâ€™s what she said, hey, yeah, yeah, yeah
Thatâ€™s what she said, hey, yeah, yeah, yeah
Thatâ€™s what she said, hey, yeah, yeah, yeah
Thatâ€™s what she said,

Now if you wanna fly, just put your hands up high
Canâ€™t stop my taking off, no matter how you try
Open your eyes and see, and take this trip with me
iâ€™ll take you where you wanna be
Thatâ€™s what she said, hey, yeah, yeah, yeah
Thatâ€™s what she said, hey, yeah, yeah, yeah
Thatâ€™s what she said, hey, yeah, yeah, yeah
Thatâ€™s what she said.
