Tell me where you are; feels like a million miles away  
Don't you know I'm hiding beneath the corner of the  
shade?  
And I need you now; I need your love; I need your  
power  
Please touch me

I've no defenses; no defenses  
So please breathe life into these dry bones  
I'm rendered defenseless; I'm defenseless  
Before the advances of your love

Now that I have tasted; now that I've become  
The very things I hate - woe is me I am undone!

And I need you now; I need your love; I need your  
power  
Please touch me

I've no defenses; no defenses  
So please breathe life into these dry bones  
I'm rendered defenseless; I'm defenseless  
Before the advances of your love

Come on in and take away my fears show me more

Come oh breath, come from the four winds  
Breathe on these slain - that they may live!
