Verse 1:

All alone by myself  
On my own no one else  
It's a dream  
I admit but sometimes  
It can feel like a life  
It's all I've got

Maybe cold, maybe dark  
Maybe it's all my fault  
I'm a girl  
I admit which should mean  
I don't know  
what it's like to be loved

Pre-chorus:

But late at night I see your face  
I'm caught and found

Chorus:

That's when I see your eyes

That's when I feel you by my side  
Happy is when I'm  
Happy is when I'm

Verse 2:

With you when day begins  
With you until it ends  
Happy is when I'm  
Happy is when I'm with You

I was free, I was fine  
Went my way, had my time  
With all that I needed  
I had found every piece in my life  
So I thought

Bridge:

Now that I've found you  
Now that I know  
I should never return

To the way that my life was before  
To the way that my life was before
