If you were gone the moon would lose it's brightness  
Without your smile the finch will sing no more  
And once in a while some waves would sigh with  
sadness  
Remembering to lovers walking by the shore

If you were gone the days would all be pointless  
And in the night I'll sing the song so blue  
A song about spring and every happy moment  
When I had all the time alone with you

[Chorus:]

But you're right here and nothing could be better  
So take my hand and stay with me till dawn  
And while the wind is playing with your sweater  
I can't imagine life if you were gone...

If you were gone the world would lose it's meaning  
Without your love how could I smile again  
And though the sun would always keep on shining  
I'd never shine without my dearest friend

[Chorus:]

But you're right here and nothing could be better  
So take my hand and stay with me till dawn  
And while the wind is playing with your sweater  
I can't imagine life if you were gone...
