As the night moves in  
Love takes on a new meaning  
If you were here  
You would know what I mean to say  
The circumstance leaves me only waiting  
For the chance  
I only want to love you more ... more  
Can't you understand it  
Girl you know how much I care  
It's not the way I planned it no  
If you could only know my feelings  
You would know how  
much I do believe  
If you were here tonight  
By my side  
If you were with me now  
When the lights go out  
I can not pretend  
This bed's too big for me  
To be in alone all alone  
Slow burn light a candle for our love ... love  
So we'll always be one to one in love ooh love  
Can't you understand it  
Girl you know how much I care  
It's not the way I planned it no  
If you could only know my feelings  
You would know how  
much I do believe

If you were here tonight oh love  
By my side  
If you were with me now  
Every night alone I just wait here anticipating  
For the day I won't feel this pain baby  
Please don't keep me waiting  
Come to me  
If you were here tonight  
Ooh oh girl  
Be by my side  
Girl this bed's too big for me  
For me to be in all alone  
All alone  
(By my side)  
Don't keep me waiting baby

If you were with me now  
Oh oh ooh hold me girl all night  
Want you for myself  
Do me right  
Got nobody else  
All by myself  
Got nobody else girl  
This love is true  
Please take me home  
Be with you tonight  
Give our love a light  
Do just what you feel  
Please don't be a tease  
Girl I love you more  
You're the one that I adore...
