Baby wake up  
How could you sleep at night  
Don't give me that stuff  
'Cause you know it ain't right baby

Sub-chorus:

'Cause I feel used, used  
Broken-hearted got me crying from the start  
'Cause I feel used, used  
Took me down, not around  
You've gone too far  
No matter what you say girl

CHORUS:

What you trying to do to me  
Who gave you the right to be  
How could you take away my time  
Why you want to tell me lies  
You keep a straight face  
But what is going on, a masquerade ball  
See me running away, I'm gone

Sub-chorus:

'Cause I feel used, used  
Led astray, you went away  
I'm here to stay 'Cause I feel used, used  
Way too long,  
I'm hanging on  
Don't wanna play  
CHORUS
