I'm taking my time

I am travelling

I am travelling

You, taking your time

You're travelling

You're travelling

It makes no difference

Where we are

What they say

Tomorrow we will sail away

Every night a falling star

In cabins

On a black sea

In cabins

On a black sea

Kiss me

I'm biding my time

I'm not worrying

I'm not worrying

You, biding your time

You're not worrying

You're not worrying

It makes no difference

Where we are

What they say

Tomorrow we are far away

Every night a falling star

In cabins

On a black sea

In cabins

On a black sea

Kiss me
