(Hofstede)

He is standing in the living room

She is sitting on the bedroom floor

They are talking to each other on the babyphone

He lights another cigaret

She is re-arranging pillows on the bed

Kids in the kitchen rain outside she wants a

Different house different garden different table

Different chair different make-up different dress

Different kitchen different

He likes the girls young and rich

Taking showers in their sunny homes

Wet footprints towels lipstick

He spends his weekends at the zoo

Elephant snake monkey

Kids in the car and rain outside he wants a

Different girl different car different suit

Different watch different heart different beat

Different girl she's different different

Different house different garden

Different girl different suit

Different nose different food

Different elbow different smile

Different T-shirt different oo

Different clothes different feet

Different eyes different job

Different money different life

Different room different wife

Different table different chair

Different car different flat

Different heart different home

Different kitchen different
