(Hofstede)

Young red guards will fight the waves on yellow river

There to face a force ten typhoon tiger mountain

Are we playing ping pong

I'm on your side

You're on my side

I'm on your side

You're on my side

We play or fight

On this table

I am able

On this table

You are able

To win tonight

Are we playing ping pong

Golden bamboos grow on our chuang mountain

Ah the red stars on our caps the guns in our hands

I'm on your side

You're on my side

I'm on your side

You're on my side

We play or fight
