(Peters)

Shake your rattle fly your kite

There's evil in the dark

Spirits awake spirits awake

Hear the sad song on the water

Someone passed away

Spirits awake spirits awake

Two worlds side by side

In broad daylight in darkest night

Spirits awake spirits awake

Don't offend the ghosts the jinns

That hide behind the bush

Spirits awake

You cannot see them you cannot touch them

Yet they're all too real

Spirits awake spirits awake

Did you see the garden girls go by?
