"Whales Of Tadoussac"

Today we all went
With our 'Atomic' friend
To his forgotten land
Close to the world's end
Daniel said 'take your time'
We like the river
That runs to the sea
We like the highway
That runs to the trees
Take your time
On a river to the sea
Take your time
Like the whales back in Tadoussac
He's going to get us a boat on a river
We're going to sail it to the sea
We're going to find a big fish
As big as Moby Dick is
And Daniel said to me
Take your time
On a river to the sea
Take your time
Like the whales back in Tadoussac
We are like that river
That runs to the sea
