She played me like an old church song, you barely  
know but you sing along anyway  
She held me like another drink, the one you know you  
just don't need but you have to take  
She finally threw it all away but not a day before she  
made a mess of me  
That's why I'm begging please

Chorus:

Baby save me from this crazy place I'm in, so take me  
in  
And make me feel alive again  
Need me, free me, baby believe in me  
And love me

Like a beat up truck, strong as hell underneath the rust,  
it won't let you down  
Love me like your mama's voice, sweet and truthful,  
beautiful, safe and sound  
My heart is hurt, my steps are small, out on the edge I  
feel the fall in front of me  
That's why I'm begging please

(Chorus)

(Chorus)

Love me like an old church song, where the melody  
goes on and on and on
