People Like Me  
Never went to college  
Except the parties I was playing  
For the sigma kappa ladies on Friday night  
So I spent a lot of weekends  
With some future doctors girlfriend  
And I've learned there's people who don't like, people  
like me

People like me  
Don't get the big promotions  
'Cause we seem to lack the gene  
That puts the filter in-between our brain and mouth  
We don't smile and say yes  
When everybody knows its b-s  
And I've learned there's people who don't like people  
like me

Chorus:  
People like me  
Livin' hard lovin' fast  
Check to check, milk and gas  
In the truck head to town  
A little luck, lost and found  
Time to waste at Sammy's Place we all say hey!  
Come on in and grab a seat  
It sure feels good to be  
With people like me

People like me

Been told we need to grow up  
They say there's more to life then cars  
Pretty women and guitars  
I say like what?!  
I love god and country  
I do what they ask of me  
And I've learned there's people who don't like people  
like me

(Chorus)

People like me  
Crankin' up, kickin' back  
Dirty jokes make me laugh  
Buyin' suds for my friends  
And the girls that just walked in  
Juke box plays "Whats Your Name" we all say hey!  
Come on in and grab a seat  
It sure feels good to be  
With people like me

People like me  
Livin' hard lovin' fast  
Check to check, milk and gas  
Crankin' up, kickin' back  
Dirty jokes make me laugh  
In my truck head to town  
A little luck, lost and found  
Jukebox plays whats your name we all say hey!  
People like me
