i just cant let go ohh
i just cant let go

baby if i would have known that in time you would grow
and bloom to the flower you are,
i would of loved you back then, made you more than
my friend instead of going searching,
and all this time you were here i spent life in fear,
i wasted so much time,
but now that i know i just cant let you go
because im falling falling falling
baby i just cant let go oh oh oh oh never been attached
like this before, your the only girl i want, the only girl i
need, i just cant let go oh i'll be incomplete.
listen girl you make me better, the only thing thats
changing around here is the weather, me and you
know never, girl im satisfied baby im complete with you
in my life,
and all this time you were here i spent life in fear,
i wasted so much time,
but now that i know i just cant let you go
because im falling falling falling

baby i just cant let go oh oh oh oh never been attached
like this before, your the only girl i want, the only girl i
need, i just cant let go oh i'll be incomplete.
ive been looking for love in all the wrong places, been
around the world and seen many different faces, this
is how i know this is how im sure,
your the one that i needed and my soul makes you
complete me..

i just cant let go ohh
i just cant let go
i just cant let go

baby i just cant let go oh oh oh oh, never been attached
like this before (ive never been attached like this
before) your the only girl i want the only girl i need
(your all that i need) i just cant let go oh i'll be
incomplete, baby i just cant let go oh oh oh oh never
been attached like this before your the only girl i want

the only girl i need i just cant let go oh i'll be incomplete

i just cant let go

i just cant let go

no no

baby i just cant let go ohh

baby i just cant let go oh oh oh oh
