Every day my mind says
fetch you're no good for me
but it seems that you've cured that disease
of loneliness that plagued my heart
and even though you're not the best
I don't have the strength to leave
maybe it's my low self-esteem
but I can't let you go so

Chorus:

Let's try one more time
with love in you combined
Can you promise forever?
Promise forever by my side.
And if I gave you mine
and left the past behind
Can you promise forever?
Promise forever by my side
Just you and I,
forever just you and I.

I thought I couldn't love
'cause last time hurt so bad
but that sure didn't keep us
just promise you won't leave me
just promise you won't leave me.
But if I slip again
my heart will survive the fall
so I need you walk in
just promise you won't leave me
just promise you won't let me down.

Chorus:

Let's try one more time
with love in you combined
Can you promise forever?
Promise forever by my side.
And if I gave you mine
and left the past behind
Can you promise forever?
Promise forever by my side

Just you and I,
forever just you and I.
