(Hofstede/Kloet/Stips - Hofstede)  
Who brings the cars of Michel Valliant  
Who brings Archie 'the man of steel'  
Who brings the apes of Scandinavia  
Out of the drizzle into the real world!  
Here comes the panorama man  
The globe will turn beneath his thumb and he's leaving  
again  
Here comes the panorama man  
Who brings the victims of the flood (on the roof)  
The power of the chemical stain remover  
Did you know the habits of the orchids and rabbits  
Pictures of rosebud trees in bloom  
He says he's living in a nothing-block  
His wife is from a family of wealthy epileptic  
But poverty does not mean unhappiness  
Body rich, body poor, nowadays nothing's sure  
Here comes the panorama man  
The globe will turn beneath his thumb and he's leaving  
again  
Here comes the panorama man  
What's your most romantic moment ?  
A school of herring in the fishing net  
A very black man is crossing a rope bridge  
The knock out of a welter weight  
Here comes the panorama man  
The globe will turn beneath his thumb and he's leaving  
again  
Here comes the panorama man
