Verse 1:

I've been down this road a time or two  
Instead of straight and narrow, crooked pew  
(?) want a spotlight down the street it's true (?)  
Instead of trusting you with today to make it through  
Remember how it used to be, everything about i,  
myself and me  
Blind to the truth i could not see  
Caught up in the world of make believe  
So why am i searching for something i already know?

chorus:

Here we go, here we go, here we go again  
We got to get this right yeah  
Here we go, here we go, here we go again  
We got to get this right yeah  
I'm going on, i'm not alone  
It's a new day, new life  
I gotta get it right..  
So here we go, here we go, here we go again

verse 2:

There were wasted days and sleepless nights  
I would contemplate my broken life  
Searching through the darkness for a light  
Should've known it was you right by my side  
So why am i searching for something i already know?

chorus:

Here we go, here we go, here we go again  
We got to get this right yeah

Here we go, here we go, here we go again  
We got to get this right yeah  
I'm going on, i'm not alone  
It's a new day, new life  
I gotta get it right..  
So here we go, here we go, here we go

bridge:

I've tried my best to be, yeah  
Everything you have made me to be  
Patiently i will follow, follow  
And i want the world to see, yeah  
That it's you i run to, there's no other, other

chorus:

Here we go, here we go, here we go again  
We got to get this right, yeah  
Here we go, here we go, here we go again  
We got to get this right yeah  
I'm going on, i'm not alone  
It's a new day, new life  
I gotta get it right..  
So here we go, here we go, here we go again

Here we go, here we go, here we go again  
We got to get this right, yeah  
Here we go, here we go, here we go again  
We got to get this right yeah  
I'm going on, i'm not alone  
It's a new day, new life  
I gotta get it right..  
So here we go, here we go, here we go again
