Man fuck these niggas
Made me wish that I ain't try to fuck with these niggas
And you ain't gotta fuck with me nigga
Don't be mad 'cause his fans fell in love with me nigga
Still the same nigga that switchin the same switchin
position
Recon every song hard I ain't the same collision
Had dreams of a daughter I had to change my vision
Well my auntie got killed man it's pain to kill her
I call her after every show, had to let her know
How boy feel why she had to go
And the man that she win,
And what I'm supposed to do with all this time that we
ain't spent
Now their party turned into a funeral
I've seen a lot of peggy and my music man you should
know
I'm too real for rap niggas and this industry hoes
I kind of feels for this niggas so in love with the dough
Playin hard but when the camera off and straight up
hoe
I've probably seen like a nigga that be all by hoes
A little pussy but shit that ain't all I know
My mom all caged up, used to be our doughs
Straight hooking with my niggas now I'm buying some
clothes
The deal with the pain insane what I might go
I ain't show my fam we good so I gotta go
But my soul share tears 'cause I can't show
Our nigga really feel 'cause I got to shows
The bitch talking bout uncocky name but she don't
know
In this Hennessy making me wanna kill this hoe
'Cause she smart and the nigga and my team face
show
She don't twitter talking down my emotions blow
Say my emotions blow
Damn, shit, and now I'm screaming in my phone like
bitch
Do you know how I feel for the type you nigga 22 years
to make me

As switchin poppin and post to look like him
And have an auntie like your mommy and she was your
best friend
She up and get your first car, kept the fun as you crib
Get your girl and your job help y'all through shit
Just assist her from front her and manage your chips
And you turn around and losin in the same damn year
... you're thinking down but if I was there
I'll probably could have told her the... it wasn't fair
And to think about they look girls
Before he pulled the trigger on her dinny kill themself
And then he deep inside I'm kind of feeling like this
mother fuck
If she wasn't helpin me she could've been at home
more
Doing things that many people post to do
Just killing me 'cause I just got so damn close to you
And everybody callin telling me to stay strong
And it's the reason why I always wanna be alone
You get the love and price and then you turn around
and gone
I guess you're going home, yeah
I guess you're going home
I guess you're going home

I used to be used to
I used to be used to
I used to grind in the dirt
I used to cry till it hurt
I wanna go to the heaven
When is my time wanna come
I used to be in used to
But I never got used to
Being what I used to
Be, yeah
Said I used to be used to
But I never got used to
Being what I used to yeah
