The first day I met my hoe
Never felt better bro made my dick hard
In the park it's where I let her blow
I let her know she's the one that I love
Got her in the roads by my side in the clubs
It's love and I new it frm the start
I never feel safe when me and her apart like
Rahh she really got me sprung
She got me cooking beef
And you know she's having some
My Mom don't like her she can't stay in my drum
If I was without her my life would be done
Plus she helps me eat
When I'm in need of some fun ting
She's the main reason I'm the G I've become
She goes hood to hood she's well known in the slums
I love her and I need her so I squeeze her for fun
U know it cuts me deep whenever she is gone
You need a girl like mine if you live where I'm from

I like the strong hoes pretty with a long nose
She gets ritty always with me when I'm on road
So I like to spoil her rub her down and oil her
She dnt fuk with punks cause they seem to avoid her
She's thugish she only fuks with thugs
She dnt want my DNA
So wen we fuk I wear my gloves like
Trus she's mine and I'm proud
I have the type of girl that will have your head up in the
cloud
I love it wen we bang bang I make her scream loud
She goes round after round she makes sound after
sound
I can beat her standing up or lying on the ground
There's always excitement whenever she's around
For her I'm a feel if u know what I mean
Before we hit the road she likes to roll in my jeans
Likes the roll with the ting pretty little fing
Likes to roll for the creeps

Check this when she's gone I get restless

Cause I need her and I want a new necklace
And she gets me wat I want no exceptions
No ain't a answer fam I dnt take rejections
She wernt there for me so I started cheating
With this girl that's 38 on the weekends
She called me a cheater so I beat her up
Now she calls me wife peter shits gettin deeper
She made the feds want me but I still can't leave her
Cause she alwaisz got my back wen I need her
They're ain't none realer she's alwaisz there for me
She never gives me stress so she must care for me
She treats me good keeps her nose by my wood
I never let a man tek my bitch if he could
My bitch goes click clack bang in the hood
Yh my bitch goes click clack bang in the hood
