Caught my man cheating, now Iâ€™m rolling through the  
west side  
Bout to burn his fuckinâ€™ house down like Iâ€™m Left Eye  
(rest in peace)  
Like Iâ€™m Left Eye, like Iâ€™m Left Eye  
Bout to burn this motherfucker down like Iâ€™m Left Eye

Heard my man is cheating with another bitch in my  
house  
Now Iâ€™m finna make a scene like Iâ€™m Amy Winehouse  
(rest in peace)  
Amy Winehouse, Amy Winehouse  
Bout to burn this motherfucker down like Amy  
Winehouse

I donâ€™t need to TLC, all I need is THC  
Higher than Miss Courtney Love, murder in the first  
degree  
You must have me confused with them stupid broads  
Shooting dice in the street taught me how to play the  
odds

I find it odd that your Twitter page is private  
You got two phones, one of them stays silent  
Now who the fuck is calling in the middle of the night?  
Play me for a joke, I'm bout to grab my knife.

You think you ballin' but you bout to take a big loss  
When you fall asleep I'm bout to cut your fuckin' dick  
off
