Red and yellow and green  
Twisting and blurring  
Twisting and blurring  
Red and yellow and green  
Twisting and blurring  
Twisting and blurring

Clouds are billowing from you  
I dip my hand into the swirling mist  
What about the life you had hoped?  
Say you will keep on hoping

Red and yellow and green  
Twisting and blurring  
Twisting and blurring  
Red and yellow and green  
Twisting and blurring  
Twisting and blurring

You said we're all snow  
We're all snow  
We're all snow  
And I am a damson  
I am a damson  
I am a damson  
But I feel so small

The lives gone and lives to come  
The lives gone and lives to come  
The lives gone and lives to come  
The lives gone and lives to come

Tangerine lights droplets refracting  
Tangerine lights droplets refracting  
Tangerine lights droplets refracting  
Tangerine lights droplets refracting x2

Refracting x2

The lives gone and lives to come  
The lives gone and lives to come

The lives gone and lives to come  
The lives gone and lives to come
