I am sleeping with your best friend.
How do you like me now?
How do you like me now?

I am sleeping with your best friend.
How do you like me now?
How do you like me now?

Come on,get drunk,you know you wanna.
I am,you can,won't tell no one 'bout it.
It's gonna be a ball.
It's gonna be a ball.

I am lying,using again.
Come on! It's gonna be a ball.

Come on,get drunk,you know you wanna.
I am,you can,won't tell no one 'bout it.
It's gonna be a ball.
It's gonna be a ball.

Cigarettes and robtussin,will I ever get to heaven?
Cigarettes and robtussin,will I ever get to heaven?
It's not looking good now.
Ohhh..
It's not looking good now.

Come on,get drunk,you know you wanna.
I am,you can,don't tell no one bout it.
It's gonna be a ball.
It's gonna be a ball.
