I may or may not have stolen that from the place you
love.

I just opened up the door you found with my leather
glove,
My love.

We could walk without a ???
dreaming all along.
this may or may not be what you wanted as your
favourite song,
so long.

But you are long gone.

Taking out the paper laces that burned under the chair
Fifty letters sent to you and you never even cared
my love.

Lighting paper into ashes
To watch the fires ??

Now I'm writing out this letter for you in my special ink
My love

Are you that someone?

Run away with me.
Run away all night.
I'm alone again
Where are you tonight?

Run away with me,
Run away until the sun will rise.
take a step with me
take me back into your eyes

but you are long gone.

i may or may not have stolen that from the place you
love
i just opened up the door you found, with my leather
glove
my love.
