How ya honey?,
What ya doin'?,
I been hula-hoopin' waiting for you, aah
Oh haters, fakers, mass-manipulators,
Don't know what you're tryin' to prove
I'm the New York City queen queen,
You should hear me sing sing,
Baby I'm the real thing, check one two,
Stop looking at my train-wreck life and start
Listening to the way I sing the blues

You know: I know what they say about me
I know that they think I'm danger,
So what if it makes me happy, happy, happy?

It doesn't really matter what you say,
'Cause I ain't gonna quit 'til the day I die
I'll be taking drugs, doing shots, making out in parking lots
Within a little by your spot
Baby you can't stop me, stop me, no.
When I'm hot, I'm hot

How ya honey?,
How's it goin'?,
Saw you skipping up on TV looking blue aah,
You're shakin', makin' music and you're famous,
[?]

She said: I know what they say about you,
I know that they think you're crazy,
I know that they are mistaken, baby, baby

It doesn't really matter what they say,
'Cause I ain't gonna quit 'til the day I die
I'll be taking drugs, doing shots, making out in parking lots
Within a little by your spot

Baby you can't stop me, stop me, now.

When I'm hot, I'm hot

Singing for the gangsters,

Chasin' all that paper,

Living life so dangerously

And there's nothing for my anger,

Money is my saviour,

I can be whatever I think

It's like heaven heaven

Living on the edge never knowing where I'm going to be,

And I'm dreading, never settling down

That's when dying is beginning to please

It doesn't really matter what you say,

'Cause I ain't gonna quit 'til the day I die

I'll be taking drugs, doing shots, making out in parking lots

Within a little by your spot

Honey you can't stop me, stop me, now.

When I'm hot, I'm hot
