Baby say goodnight  
Text me when you get home safely  
Like you always did  
When we was first dating You sitting in your office  
dreaming of a different life  
You say you wanna make me smile and see my wild  
side  
If we don't leave town now  
We're never gonna get out of here alive  
I'm walking home from school my thoughts are drifting  
into space  
Why don't we leave tonight and take off to a different  
place  
Don't tell my daddy why, gotta get on that plane and  
just fly. Take me to Paris!  
Let's go there and never look back  
Paris, we can be crazy like that  
You're such a naughty boy!  
Why you taking that Polaroid?  
Put on a show you'll enjoy  
Take me to Paris! I wanna be that fantasy that you got  
on your mind  
Flying across the sea to somewhere that they'll never  
find  
We should go out while we young  
'Cause one day we will want to rewind. Our time in  
Paris!  
Take me to Yves Saint Laurent.  
Paris, make out in a dark restaurant.  
We'll dance until we die  
Wanna go out every night;  
Promise we won't say goodbye. Take me to Paris!  
Let's go there and never look back  
Paris, we can be crazy like that  
You're such a naughty boy!  
Why you taking that Polaroid?  
Put on a show you'll enjoy  
Take me to Paris! Walking through the streets at dawn  
We dance by empty carousels  
Singing about the Sacré-Cœur  
And climbing up the Tour Eiffel  
Under the stars

We are ,we are dreaming You're such a naughty boy!  
Why you taking that Polaroid?  
Put on a show you'll enjoy  
Take me to Paris  
Take me to Yves Saint Laurent  
Paris, make out in a dark restaurant  
We'll dance until we die  
Wanna go out every night  
Promise we won't say goodbye Baby say goodnight  
Text me when you get home safely  
Like you always did  
When we was first dating
