Boy, it's late  
Walk me home  
Put your hand in mind  
At the gates  
Stop and say  
"Be my valentine"  
You are by far  
The brightest star  
I've ever seen  
And I never dreamed  
I'd be so happy  
That I could die

You used to say that I was beautiful like Cleopatra  
But you the king too, so I would say it back at ya  
I'd flip my hair and make you stare and put my makeup  
on  
And make up stories 'bout my life [and that I'm?] very  
cherry bomb  
And even then I knew that we were something serious  
That you would dominate my thoughts like radio [to  
Sirius?]

It's you in the hall like hello, hello  
Up against the wall like let's go, let's go

Let me take you out of this town  
Let me do it right now, baby  
Dancing 'til the dawn  
Staying forever young  
Let's get out of this place  
'Cause you're starting to waste  
Within this teenage wasteland  
You will never see my face  
If you don't get me out of this place  
Now baby  
I'm not crazy  
I'm leaving  
Are you coming with me?

If you're lonely

Baby, hold me  
You're my only one  
Watching television  
Kiss until we see the sun  
So far we are  
Safe in the dark  
And I never dreamed  
That I'd be the queen  
And I'd be so happy  
That I could die

You used to call yourself the don and call me queen  
Diana  
You always make me blush and say "Shutup", well,  
you're bananas  
You pull my hair and push me down and chase [me  
make me run?]  
You played me Biggie Smalls and then my first Nirvana  
song  
So even though when no one's friends we're really  
serious  
I knew you loved me by the way you looked in second  
period

It's you in the hall like hello, hello  
Up against the wall like let's go, let's go

Let me take you out of this town  
Let me do it right now, baby  
Dancing 'til the dawn  
Staying forever young  
Let's get out of this place  
'Cause you're starting to waste  
Within this teenage wasteland  
You will never see my face  
If you don't get me out of this place  
Now baby  
I'm not crazy  
I'm leaving  
Are you coming with me?

I know that they say that all I want  
Is to have fun  
And get away for rainy days  
I know that they think I've come undone  
But I'm in love  
I wanna run, run, run away  
I'm leaving  
Are you coming with me?

Let me take you out of this town

Let me do it right now, baby  
Dancing 'til the dawn  
Staying forever young  
Let's get out of this place  
'Cause you're starting to waste  
Within this teenage wasteland  
You will never see my face  
If you don't get me out of this place  
Now baby  
I'm not crazy  
I'm leaving  
Are you coming with me?
