Pull my hair, push me down,
Knock me flat on the ground,
Push me down.
Pull my tails, turn me 'round,
Baby, do it right now,
Push me down.

In the dark you can do,
Whatever you want to,
Right now.
Hell on wheels, let the vest,
Doin' what you do best,
Kiss my mouth.

Be a man, make a mess,
Can you turn it out? Yes.
Kiss my mouth!
In the dark you can do,
Whatever you want to,
Yeah, yes.

In your heart, yo, you knew,
I was meant for you too,
Didn't you? Yes!

A-one, two, three, four!

I'm your little baby doll,
You my mister rock 'n' roll,
King, make me wanna sing,
Sing for them all!

I'm your little baby doll,
You my mister rock 'n' roll,
King, make me wanna sing,
Sing for them all!

All, all.

Dress me up, drive me 'round,
Know you're lovin' my sound,

Drive me 'round.
Hit me up, mess around,
Get me drunk on the town,
Mess around.

You're a fool, but you're cool,
And I know that you'll do,
What you want, whatever that is.
Be a good baby, you should be,
Getting me, oh, whatever I want!

A-one, two, three, four!

I'm your little baby doll,
You my mister rock 'n' roll,
King, make me wanna sing,
Sing for them all!

I'm your little baby doll,
You my mister rock 'n' roll,
King, make me wanna sing,
Sing for them all!

Hotel, swimming pool,
Breakin' in, we can do,
Whatever you want,
'Cause we're young and dumb.
Sexy fool, make me do,
Lovin' you's bad news,
But you're what I want.

Ooh, baby, ooh, ooh, baby,
Ooh, ooh, baby, pushin' me down.
Ooh, baby, ooh, ooh, baby,
Ooh, ooh, baby, kissin' me now.

Keep it up, baby, love you a lot,
And I'm not gonna stop.
Mix it up, keep it fun,
Boy, we're crazy and young,
So don't stop!

In the dark, we can do,
Whatever you want to,
Yeah, yeah!

I'm your little baby doll,
You my mister rock 'n' roll,
King, make me wanna sing,
Sing for them all!

I'm your little baby doll,
You my mister rock 'n' roll,
King, make me wanna sing,
Sing for them all!

Hotel, swimming pool,
Breakin' in, we can do,
Whatever you want,
'Cause we're young and dumb.
Sexy fool, make me do,
Lovin' you's bad news,
But you're what I want.
