Like the summer of Sam, back in '69
I'd be heavily battling on the grind
Cause to sing this nice, it would be a crime
Of the lettering, I'm murdering 'em
Like the summer of love back in '69
You can say that I'm rose, that my body is divine
I belong to everybody that I walk by
Like hi, hi
I'm the master of my destiny
You haven't seen the best of me
And if you want the rest of me
You'll have to pay a lovely fee
Hault, to stay far, far away from me
Cause I am the baddest girl in NYC
You can look but please don't touch boy
Stay away from me
Baby I'm a cinnamon girl
Keeping it fresh, on the e-est side
Baby I'm a vitamin girl
Keepin' in touch your cherry pie
B-A-D-D-E-S-T, baddest girl in NYC
Baby I'ma a dangerous girl,
You should stay away from me
I've been murdering, I'm murdering on
I be murdering, I'm murdering on

Like the summer of Sam, back in '69
I've been tyeing them up, and hang 'em out to dry
Cause I'm hot like that when I walk to dry
I be murdering, I'm murdering them
Like the summer of love back in '69
When I get on the microphone my, my
Baby looking at you shudder like ay, ay, ay
Like bye, bye

Please excuse my mo-vivacity, capacity for hating
Cause it's incredible
It's better if you stay away from me,
I know it's hard, hard to stay far, far away from me
I am the baddest girl in NYC
You can look but please don't touch boy
But boy ste? away from me
Baby I'm a cinnamon girl
Keeping it fresh, on the e-est side
Baby I'm a vitamin girl
Keepin' in touch your cherry pie
B-A-D-D-E-S-T, baddest girl in NYC
Baby I'ma a dangerous girl,
Baby should stay away from me
I've been murdering, I'm murdering on
I'm half away
Murdering, I'm murdering 'em ah, ah
Murdering, I'm murdering 'em
â€¦
Now everyone knows I'm a good girl
I'll give you a fist fight
And you'll be in a fight
Kissable, invincible behavior is despicable
If you're looking for fun you can come out with me tonight
I am the baddest girl in NYC
I am the baddest, liking what you see?
Baby I'm a cinnamon girl
Keeping it fresh, on the e-est side
Baby I'm a vitamin girl
Keepin' in touch your cherry pie
B-A-D-D-E-S-T, baddest girl in NYC
Baby I'ma a dangerous girl,
Baby should stay away from me
