I was addicted to you but I didn't know it  
You were afflicted by booze  
You didn't show it huh

Life is a velvet crowbar  
Hitting you over the head  
You're bleeding but you want more  
This is so like you I said  
Put yourself on back to bed

You're like crack to me I don't want to leave  
I'm watching you sleep, pray you'll start breathing  
My baby's on his eighth life darling  
Staying with him till the morning

You're like crack to me so fun I can't see  
With your golden grill, your purple dream  
My baby's on his eighth life darling  
Gonna watch him till the morning

I was addicted to you didn't wanna blow it  
You were a dÄ—ck with your crew  
Always on the road

You wanna touch life so hard  
Why can't you give it a rest?  
You're not that bright for a star  
Burned yourself out nothing left  
Burned yourself out nothing left

You're like crack to me I don't want to leave  
I'm watching you sleep, pray you'll start breathing  
My baby's on his eighth life darling  
Staying with him till the morning

You're like crack to me so fun I can't see  
With your golden grill, your purple dream  
My baby's on his eighth life darling  
Gonna watch him till the morning

Styrofoam on the microphone  
Can't give it up, can't go it alone  
Flame colored paradise for you darling  
But death doesn't come with a warning

Life is a velvet crowbar

Hitting you over the head  
You're bleeding syrup amour  
Bleeding to death

You're like crack to me I don't want to leave  
I'm watching you sleep, pray you'll start breathing  
My baby's on his last life darling  
I'm staying with him till the morning

You're like crack to me so fun I can't see  
With your golden grill, your purple dream  
My baby's on his eighth life darling  
Gonna watch him till the morning

(my baby's on his last life darling)  
(gonna stay around till morning)

(my baby's on his last life darling)  
(I've got to stick around till morning)
