You know you're not the only one
To see the boy that you hold very close to you,
He's not your kind of guy, I hope you realize
I have no care for answers, 'cos now you're standing
only next to me, oh oh
So take me on a tangent, 'cos tangible is something
we perceive, oh oh

I don't want to be just another, Fighter without fire, nothing to inspire, In a million years when we're older Finally we can be part of history

From a retrospective point of view, It's time to reinvest, don't care to what extent, Subconscious disarray, I want to look away, I'll live to shadow-play

I can't tell the difference, When everyone's pretending to play ball oh oh Now I'm all for resistance, But I can't take it anymore oh oh

I don't want to be just another, Fighter without fire, nothing to inspire, In a million years when we're older Finally we can be part of history [x2]

Finally we can be part of history

I told you, I tell myself, It's alright, alright, alright

I don't want to be just another, Fighter without fire, nothing to inspire, In a million years when we're older Finally we can be part of history [x2] Visit <u>Last Dinosaurs</u> page on MotoLyrics.com, to get more lyrics and videos.
