mohabbat kaa taalook, shaana-o-shaukat se naheen  
hotaa  
ye saudaa ayesaa saudaa hain, jo daulat se naheen  
hotaa

kuchh log mohabbat ko byopaar samazate hain  
duniyaan ko khilaunon kaa baajaar samazate hain

daulat kaa nashaa in ko kuchh itanaa jyaadaa hain  
duniyaan kee har ik shay ko, paane kaa iraadaa hain  
apane ko do aalam kaa mukhtaar samazate hain

dil kyaa hain, wafaa kyaa hain, ye log naa samazenge  
mitane kee adaa kyaa hain, ye log naa samazenge  
har shaks ko bikane par, taiyyaar samazate hain

kahiye bhee to in jaise diladaaron ko kyaa kahiye  
majaboor hain aadat se, bechaaron ko kyaa kahiye  
hum ayese dimaagon ko, bimaar samazate hain
