"Circular Man"

Darling what are we goin' through
It's no secret what I do
Always through revolving doors
Each time's harder than before
What goes around comes around
I'll be with you when I can
I know it's hard to understand
But I am a circular
I am a circular man
Seems I'm gone before I left
Always just one step ahead
For you it's longer, marking time
Lovin' me as I pass by
Chorus
When daddy's on the doorstep
He won't take you for granted
It's better than the very first time
You can count on me, eventually
Can't make up for the time we've lost
Stolen from myself the most
I keep your picture close to me
Take it out for the boys to see
What goes around comes around
I'll be home when I can
Sometimes it's hard to understand
But I am a circular
I am a circular
I am a circular man
Woohoo mmmhmmm
What goes around, comes around
What goes around, comes around
What goes around, comes around
What goes around, comes around
Around and round and round
