He come a ridin' He come a ridin' He come a ridin' He  
come...

Four A.M., look who come a callin'  
Ridin' down the road  
Billy come back from a journey of folly  
Ridin' down the road

He come ridin' back home  
Warming the hearts of his own  
He come downtown Des Moines  
And now he starts to putting me down  
I don't think he's been rolling too long

Eighteen years of total revolution  
Ridin' down the road  
Say listen to me daddy Now I've got a solution  
Ridin' down the road  
Why not let me come in  
I'm still your boy and your kin  
Remember the prodigal sin  
Said son we're gonna give unto you  
What mama thinks you got comin' due

He come a ridin' Billy come a call come a call, call  
He come a ridin' He's ridin' down, down, down, (yeah)

Eighteen years of total revolution  
Come ridin' down the road  
Say listen to me mama Now I've got a solution  
Ridin' down the road  
Why not let me come in  
(HE SAID...) I'm still your boy and your kin  
Remember the prodigal sin  
Said son we're gonna give unto you  
What daddy thinks you got comin' due (yeah)  
He come a ridin' Billy come a call come a call, call  
He come a ridin' He's ridin', ridin' down the road  
He come a ridin' Ohhh.  
He come a ridin' Ridin', ridin' He come a ridin' He come  
a ridin' Ridin', ridin' He come a ridin' Ridin', ridin'
