Tell me

One more time the reason why you must leave

Tell me again why you think you don't need me

Tell me again but don't think you'll convince me

You said

About fallin' in love again you'd rather be dead

When somebody breaks your heart you cry your eyes
red

There's nothin' so hard about the life that you led

As far as I can see

There's no reason for goodbye

'Cause you're just runnin' scared

And that's something I won't buy

So you lose

I won't let you go and nothin' to show but more blues

And all this talk about leavin' is strictly bad news

You settle down and stay with the girl who loves you

As far as I can see

There's no reason for goodbye

'Cause you're just runnin' scared

And that's something I won't buy

So you lose

I won't let you go and nothin' to show but more blues

And all this talk about leavin' is strictly bad news

You settle down and stay with the girl who loves you

You settle down and stay with the girl who loves you

You settle down and stay with the girl who loves you

You settle down and stay with the girl who loves you
