Well ever since Adam said hello to Eve  
What the leaf was coverin' he couldn't believe  
Until this day remains the same  
No matter the face, no matter the name

She walks through the door in her high heeled shoes  
Ruby lips, merci beaucoup  
Code blue alert, in its finest form  
Note to self, you might be better off gone

To feel the thrill, you must be brave  
Big love's tough, sometimes you have to pay  
So buckle up and take a chance, throw caution to the  
wind  
Cause when you walk, you walk a wire and face the  
consequence

Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is coming  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is near  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is coming  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is here

Now i'm running with scissors in the dark of night  
(Somethin' dangerous is comin')  
Half scared to death, half so... alive  
(Somethin' dangerous is near)  
No return to the eden, of that I'm sure  
(Somethin' dangerous is comin')  
I've tasted the apple, girl open the door  
(Somethin' dangerous is here)

To win a hand, you must be brave  
Big love's tough, sometimes you have to pay  
Buckle up and take a chance, throw caution to the wind  
Cause when you walk, you walk a wire and face the  
consequence

Somethin' dangerous, Somethin' dangerous, Somethin'

dangerous is coming  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is near  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is coming  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is here  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is coming  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is near  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is coming  
Somethin' dangerous, Somethin' dangerous, Somethin'  
dangerous is here
