Feelin' kinda sad and lonely
I lost my sweet one and only
Gonna find my baby, I don't mean no maybe
Gonna find her, gonna find my baby
Gonna bring her home with me

She said that she would never leave me
Now she's gone away and it grieve me
I was fast a sleepin' when she come a midnight
creepin'
Gonna find her, gonna find my baby
Gonna bring her home with me

My bags are packed for to travel
Gonna cover many miles of gravel
Gonna find my baby 'cause she's the finest lady
Gonna find her, gonna find my baby
Gonna bring her home with me

Going down Texas, going to Georgia
(Georgia)
Oklahoma, Mississippi, Florida
(Florida)
Going to Alabammy, going to Louisiana, Tennessee
(Tennessee)
I'm a gonna find my baby
Gonna bring her home with me

Gonna find my baby
Gonna bring her home with me
She heard the sky was fallin'
I'm a gonna find my baby
Gonna bring her home with me
