Follow me into the night
Close your eyes and see...

let us fly, so far away
I'll take you on this dream with me...

...this is my melody
And I wont let you go
I won't let you fall
Theres something that I can feel

...this is my melody
And I wont let you go
I won't let you fall
theres something that I can feel

...this is my melody
I will lead you through the night
Come with me, you'll see
In this place so far away
Just let go and dream with me

...this is my melody
And I wont let you go
I won't let you fall
Theres something that I can feel

...this is my melody
...this is my melody

And I wont let you go
I won't let you fall
Theres something that I can feel

...this is my melody

No, I won't let you go
I won't let you fall
Theres something that you should feel

...this is my melody
