I've held my tongue  
For long enough  
I have a secret I'm letting out now

I can't seem to get  
you out of my head  
I admit that It's driving me crazy

And now you have got me under your spell  
The magic is casting a love that's even better than well

chorus  
We have the weight of  
The world on our shoulders  
But I'll fight forever  
As long as I'm closer to you, closer to you

I'll take the ring even if it won't fit me  
Cause I'll shine forever as long as I'm  
Closer to you  
To you , to you

Now that we're here  
Just you and I  
Everything seems to be turning out right

Our smiles light up  
Like shooting stars fly  
Forever across the sky

And now you have got me under your spell  
The magic is casting a love that's even better than well

chorus  
We have the weight of  
The world on our shoulders  
But I'll fight forever  
As long as I'm closer to you, closer to you

I'll take the ring even if it won't fit me  
Cause I'll shine forever as long as I'm  
Closer to you

To you , to you
