I try to find the courage to speak
When I'm around you you make me weak
So I'm writing down words
I hope you haven't heard before

I can sing it in a different key
I can even change the melody
As long as what I say at the end of the day
Shows you how I feel
Cause I'm sure that this is real

I am not a ghost
No I am something real
You could hold me close
Maybe we could make a deal
I'm not trying to hold you down
Or steal your crown
Just want you to be around
For all my invisible love
just listen up

I tried to paint a picture for you to see
That everywhere you are is where I want to be
I took a rocketship way up to mars
To try and bring you a star

But then the colors all started to run
And I crashed my ship right into the sun
Now I've tried everything and nothings worked
So I'll stick to what I'm good at, hope you like that

I am not a ghost
No I am something real
You could hold me close
Maybe we could make a deal
I'm not trying to hold you down
Or steal your crown
Just want you to be around
For all my invisible love
just listen up

I'm just a shy girl

Don't want to say hi girl
Let you pass me by without
Me looking in your eye girl

I can be you're my girl
That apple of your eye girl
I can give you wings so that
You can get to my world

Key change
I am not a ghost
No I am something real
You could hold me close
Maybe we could make a deal
I'm not trying to hold you down
Or steal your crown
Just want you to be around
For all my invisible love
just listen up
I'm singing loud enough
Why don't you listen up
