There's no time
When you don't face some choice
Drowning in huge waves
Of smells and noise
Feel yourself swallowed by
The life you lead
Struggling all day just
To keep you on
Your feet

Inside this hurricane
It's hard to stand
Feel that the more you try
The more you're bend

Every minute
Every moment
You shouldn't try so hard
To keep up all your parts
Everything seeks
To end one day

Pick up your pieces and
Build yourself new again
A Grand era
Is about to begin
Why fear the end?

Still can tell white from black
The spine that bears all weight
Yet shows some cracks
This modern life is a
Mystery that
Is carved in steel and stone
Setting all nerves
On edge

The Day will come when you
Are bushed and sore
That you cannot avoid
The collapse no more

The end, end, end!
