Cut me into comfort portions  
In the name of common fortune  
Tell me 'bout your life I'm dry

Your meaningless wisdom  
And fake ass boredom  
You're the king of the world  
And the queen of whoredom

Do you smell that  
There is something  
In the air tonight  
I'm gonna burn your house  
And bury you inside

I'll bury you inside  
I'll bury you alive

Change this world for me  
You know that I'm not the one  
To disagree  
Change this world for me  
You know that I'm not keen  
On being free

Side by side we stand together  
You make me feel like I can't do better  
I'm bad in what I love the most  
The worst of all from coast to coast  
So take your time my lovely brother  
As soon as I'm on you will have to suffer  
Do you smell that there is something  
In the air tonight  
I'm gonna burn your house  
And bury you inside

You're the chosen one  
You're the only son  
Come and let me die again

Turn the black into white  
Make me live through your lies  
Come and let me die again
