At the ball I'll dance like never before  
Spinning up and down and round on the floor  
When the music plays it's so entrancing  
At the mermaid's ball when I go dancing

It's a lovely night, the seabreezes flow  
Dancing by the light of starfish a-glow  
Dreaming I'm in love, it's so enchanting  
At the mermaid's ball when I go dancing

Pretty mermaids wearing seaflowers  
Of green and pink and blue  
Whirling round and round in circles  
With their partners two by two

As the grand orchestra plays  
Romantic songs of yesterday  
We will dance the night away

Dreaming I'm in love, it's so entrancing  
At the mermaid's ball when I go dancing  
At the mermaid's ball when I go dancing  
Dancing, dancing, dancing, dancing, ooh...
