Ariel, I'm so confused
I tell joke you're not amused
Given a choice I know you'll choose
The sound of laughter

All the creatures in the sea
Fish by fish they all agree
'Tis no sweeter harmony
Than the sound of laughter

Cos the giggle and chuckle and ha-ha-ha
Only make the fun come faster
Cos the giggle and chuckle and ha-ha-ha
Tis a phrase any mermaid can muster
That's the sound of laughter

Like the pounding ocean beat
It's the common tongue we speak
'Tis the rhythm that makes life complete
The sound of laughter

Stop the quiet undue peace
This serious stuff shall now cease
With the wonderful release
Of the sound of laughter

Cos the giggle and chuckle and ha-ha-ha
Only make the fun come faster
Cos the giggle and chuckle and ha-ha-ha
Tis a phrase any mermaid can muster
Oh, the sound of laughter

Cos the giggle and chuckle and ha-ha-ha
Only make the fun come faster
Cos the giggle and chuckle and ha-ha-ha
Tis a phrase any mermaid can muster
That's the sound of laughter
