the sand held our day,  
and kept us warm,  
and the old car kept blowing,  
this hot air around.

and the scent was sweet then,  
like the times I missed,  
when we fought the pirates,  
who took, our ship.

I will keep this air around me,  
cause we can lose the magic I see,  
the long days that lasted seconds,  
we'll hold it close and will protect it.

we saw the summer,  
body come down,  
beautiful in essence,  
and warming the crowd.

and the scent was sweet then,  
like the times I missed,  
when we fought the pirates,

who took, our ship.

I will keep this air around me,  
cause we can lose the magic I see,  
the long days that lasted seconds,  
we'll hold it close and will protect it.

through the night,  
we will hide the night,  
yeah we will hide the night,  
we will hide the night,

and all of this time we can't keep wasting,  
we have got this atmosphere and we're breathing,  
all of this time we can't keep wasting,  
we have got this atmosphere and were waiting,  
cause we know now that it's coming all down,  
we'll bring it all down,

I will keep this air around me,  
cause we can lose the magic I see,  
the long days that lasted seconds,  
we'll hold it close and will protect it,  
will protect it.
