I am resting, in this place,  
and I won't move now,  
cause I can travel, past the boundaries of space,  
cause we are here now.

if the world shakes, we will dance again,  
if the world breaks, we will hold our hands,  
ahh cause your magic folds and will keep us safe,  
us safe.

shut your eyes and, we will dream,  
cause we are here now,  
and my hands shake as,

you grace my mind,  
cause we are near now.

if the world shakes, we will dance again,  
if the world brakes, we will hold our hands,  
ahh cause your magic folds and will keep us safe,  
us safe.

we will close our eyes,  
yeah we'll close our eyes,  
oh we'll close our eyes,  
cause we are safe,  
we are safe.
