Ladies and gentlemen
Introducing, the penis song.
(Oh no he didn't)
(Honk a dick)

This is my penis song
I wish that I had a bigger shlong
One that was quite a bit more thick and way more long
One of those porno king kong dongs

Check it out
I wish my dick was bigger, I can admit it
I'm above average on inches but I want a damn double
digit
If I had a big ol' cock what would I do?
I'd probably go to Florida and show it Katrina and screw
Get buck naked and start streaking at my school
And get arrested but at least the girls would be
impressed
With my third leg and, and then I'd go to a keg and
Do a keg stand, get drunk and do the running man
With no clothes on just to show off
My dick's bigger than yours when mine is cold and soft
Haha, oh yeah I forgot that's not really the cock that I
have
I went out and party-bagged 'em and quickly opened
the package
And it fit me like Kriss Kross's old school starter jackets
Trying to convince myself like, "Size doesn't matter,"
Anyways I'd probably just put it on backwards cause I
mean
I know that god made us all different and special
But shit did he really have to invent lopsided testicles?
I don't have them I just feel bad for the like you know
the guys with like
Their left one hangs like lower than the right, kinda like
a lazy eye like on your balls
I mean I don't know, I just feel bad

This is my penis song
I wish that I had a bigger shlong

One that was quite a bit more thick and way more long
Fellas if ya'll feel me sing along

Yo ladies
Yeah?
Ladies!
Yeah?
Do you want a guy with an average dick?
Hell no
Then- wait you don't?
No you honkey dick
Okay that's cool, no that's fine

I promise, I'm so self conscious
That's why you never see me skinny dippin' in August
Always walkin' around with my hands in my pockets
trying to pump blood into my guy Alfonso
I mean, goddamn I don't think you girls understand
I've had a complex since that song Short Short Man
And even though girls have told me that I'm big when I
watch a porno I feel like a little kid
I mean, let's take Ron Jeremy
Now if a girl sees him she'll compare him to me
And every MC in hip hop has got a huge cock
Or at least talks about it in every song that they've got
I mean, shit
If I was really hung I'd make a whole album called Me
and My Dick
With interludes of all the girls that I'd been with
And talk about my package and multiple orgasms
'Cause all that I see is that size does matter
We got Enzite, penis pumps surgery to Viagra
But when it all adds up you can't really change it
I'm not a porno star I just gotta face it
You know, what can I do
This song goes out to like all the like little bit above
average dudes
So like all the small dudes, medium dudes but all you
big dudes stop

This is my penis song
I wish that I had a bigger shlong
One that was quite a bit more thick and way more long
Fellas if ya'll feel me sing along
